Book Title: Can You Feel Christmas?

(Cover picture)

Author: Lillian Shih 405210436

Introduction:

Christmas is always a very special time of a year. From the beautifully decorated Christmas trees, colorful and shining lightbulbs, the holiday signifies the everlasting hope for people and that all are precious. As an ordinary girl who lives in an Asian country, I've been dreaming of seeing and feeling Christmas in western countries in person. And this book aims to show how it looks like and how it feels like for children who don't know Christmas yet. There is no character from the beginning to the end, I just want to draw things I observed and imagined about Christmas and thus make people who read this book love this holiday as well.

When Christmas comes,
you will know.

Because the weather will be very cold
And you might have the chance to
see snow & beautiful snowflakes.

When Christmas comes,
You'll know it's the end of a year.

2019

Because it's in December,
The last month of a year.

People can see beautiful Xmas
decorations everywhere.
Such as snowballs ~

Or jingle bells,
or bling-bling lightbulbs ~

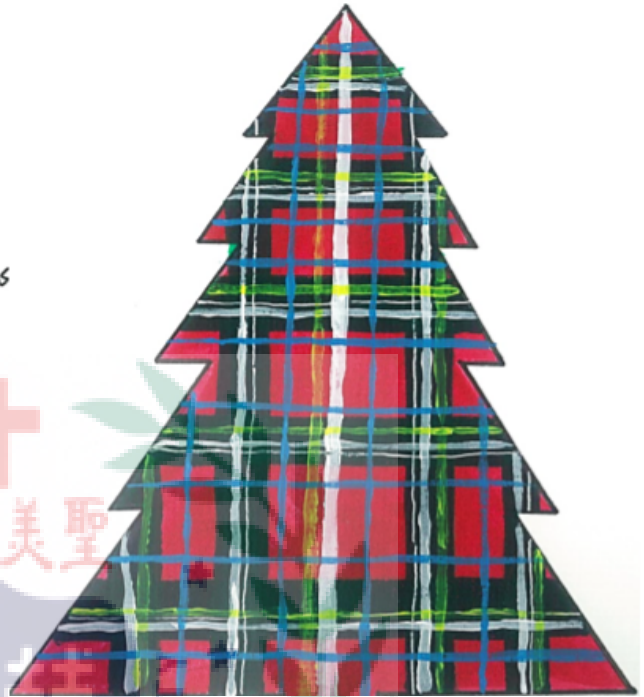

Besides, children will be very excited
about getting gifts from Santa.
Even though the gifts usually come from
their parents.

Oh, most importantly,
When Christmas comes,
you can see many kinds of Christmas trees

So, can you feel Christmas now?
